Coffman Engineers Announces New Board Director and New Shareholders

Company Board elects new director, Names six shareholders

SEATTLE, Washington, April 19, 2022 -- Coffman Engineers, Inc., a national multidiscipline engineering firm, announced a new board director and six new shareholders at the annual shareholder meeting held on March 17.

[Scott Twele, PE](#), was elected as a new board director, and re-elected directors Arvind Nerurkar and Brion Wise will serve another term. Scott Twele, PE, is the California Regional Manager, the San Diego office managing principal, and a fire protection engineer.

“Scott is a respected engineer and colleague with a deep commitment to our business and culture. He is a welcome asset to the board, and I look forward to his energy and ideas. I also want to thank Dave Gardner for serving as a director for more than ten years. We owe him huge thanks for his significant contribution to our success,” said [Dave Ruff, PE](#), CEO, and Chair.

Coffman’s new shareholders include James Chen, PE; Christopher Haight, PE, SE; Renato Molina, PE; Nicholai Smith, PE; Brian Walkenhauer, PE, SE; and Rob Wasserman, PE, SE.

“Congratulations to Coffman’s new shareholders. It is critically important to strengthen and grow our leadership team companywide with fresh energy and perspectives. We are fortunate to have their continued commitment to the success of our clients and company,” said Ruff.

[James Chen, PE](#), is an electrical engineering discipline manager and the Raleigh office operations manager. In addition to consulting, he has helped grow Coffman’s business throughout the Tar Heel State.

[Christopher Haight, PE, SE](#), is a structural engineer and the Orange County office operations manager. He combines his knowledge in local building design and experience working abroad to lead and manage the steadily growing office.

[Renato Molina, PE](#), is a fire protection engineer and the D.C. Metro office operations manager. His office leadership and experience in the fire protection industry have been instrumental in establishing Coffman’s presence throughout the region.

[Nicholai Smith, PE](#), is an electrical engineer in Coffman's Anchorage office and leads commercial and industrial design projects. He is also the electrical department lead for key oil and gas clients.

[Brian Walkenhauer, PE, SE](#), is a structural engineer and the Burlington office operations manager. His design background includes commercial, industrial, military, and complex seismic retrofit projects.

[Rob Wasserman, PE, SE](#), is a project management professional and civil and structural engineer in Coffman's Anchorage office. Rob specializes in industrial projects, including petroleum, liquified natural gas, refineries, and terminals.
