FEDERAL CAPABILITIES STATEMENT

COFFMAN ENGINEERS

CONTRACT CAPABILITIES

- Designs as prime or subconsultant
- IDIQ and IDC (O&M) contracts
- Design-bid-build
- Design-build
- Progressive Design-build
- RFP preparation, including participation in programming
- Design charrettes
- Detailed design
- Value engineering
- Proposal evaluation & source selection
- Government representatives for preparation & design review for design-build RFPs

COMPLIANCE & SECURITY

- Anti-Terrorism Force Protection (AT/FP)
- Cybersecurity & CUI Protection
- Buy America, Build America
- EEO & Quality Assurance

CONTACT US

Brent Little, PE
Vice President, Federal Programs

(907) 257-9259

brent.little@coffman.com

We have completed over 2,000 federal projects in the last ten years. This depth of experience, as well as our strategic office locations, enables us to participate in the federal market in new and innovative ways, and offer unique insights during the planing, design, and construction phase of your project.

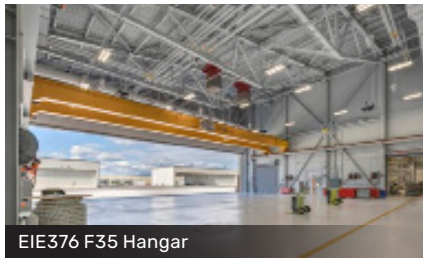

PROJECT EXPERIENCE

- Administrative Office Buildings
- Aircraft Paint Hangars
